AMENDMENT UNDER 37 C.F.R. §1.312

Dear Sir:

This amendment is being filed in order to amend the title of the above-noted patent application, as the subject matter of the allowed claims is not accurately reflected in the title as filed.

The allowed claims 1, 2, and 20-25 relate to a compound and a process of making the compound, while the title as filed recites "Farnesyl Dibenzodiazepinone, Processes for its Production *and its Use as a Pharmaceutical.*" Applicants request that the title be amended to recite:

"Farnesyl Dibenzodiazepinone, and Processes for its Production."

To the extent that the title may be considered a part of the Specification, the proposed amendment is also set out in the **Amendments to the Specification** set forth on the following page.
